Automotive batteries

As a producer of automotive lead acid batteries under the Waste Batteries and Accumulators Regulations 2009, we MK Battery International, Ltd., are obliged to take back, free of charge and within a reasonable time, waste automotive batteries for treatment and recycling from final holders, e.g. garages, scrap yards, end-of-life vehicle Authorized Treatment Facilities, Civic Amenity Sites, etc. We are required to do this in any calendar year that we sell new automotive batteries into the market. For return of any automotive lead acid batteries, please contact us at saleseurope@mkbattery.com or by telephone at 01536 484009. We are equipped to make the necessary arrangements for the return, proper treatment and recycling of the waste automotive batteries.
