1986 California Proposition 65

Proposition 65 (formally titled The Safe Drinking Water and Toxic Enforcement Act of 1986) is a California law passed by direct voter initiative in 1986 by a 63%-37% vote. Its goals are to protect drinking water sources from toxic substances that cause cancer and birth defects and to reduce or eliminate exposures to those chemicals generally, such as consumer products, by requiring warnings in advance of those exposures.

To comply to this requirement, we include the below wording on all our lead-acid batteries:

It is only required for batteries being shipped into California, because of our various distribution channels we put the label on all batteries.
